TUESDAY NOVEMBER 29. 1743.

Hague, December 3.

The States-General of the United Provinces thought proper to write his Britannick Majesty the following Letter, upon his recalling the Earl of Stair.

SIRE,

WE are informed by the Letter which your Majesty was pleased to honour us with, from your Camp at Worms, dated the 31st of September, O. S. That you have thought it proper to recall from hence, your Thrice Faithful and Well-beloved Cousin, John, Earl of Stair, one of

your most Honourable Privy Council, Field-Marshal of your Armies, and Ambassador Extraordinary and Plenipotentiary with us.

The Earl of Stair, when he delivered us this Letter, and took his Leave of us, renewed to us, in the strongest, and clearest Terms, the Assurance of Friendship and Good-Will of your Majesty for our Republick, as also of your Intentions to live with us in the most perfect Union, and most entire Confidence.

These Sentiments of your Majesty crown all our Desires; and nothing could possibly be more agreeable to us, than to receive a Confirmation of them, hereafter, by the Earl of Stair, who has been, at all Times, a most zealous Promoter of a Union between Great Britain and our Republick; and who, on all Occasions, has given us such convincing Proofs of his Uprightness and Sincerity, as the more easily induced us to believe all that he has delivered to us in the Name, and on the Behalf of your Majesty.

We expect the same Candour in the Report that he shall make to your Majesty of our respectful Sentiments for your Royal Person, and of our close Attachment to your Interest. We willingly refer Ourselves thereto, and conclude with praying God, &c.

Hague, October 31, 1743.

A M E R I C A.

Annapolis, in Maryland, September 27. Yesterday one William Hills was executed at Upper Marlborough, for the Murder of his Master's Child. He was a young Man that had been well educated, but was transported into this Province for some Crime in England. He died seemingly very penitent, professing, that if he might obtain a Reprieve, on Condition of living the Life he had liv'd, he would not accept it.

New York, September 19. From Barnegat we are inform'd, that the Sloop of John Clarke was lost, but the Cargo and Men saved.

Hartford, in Connecticut, September 21. The two Criminals in our Jail, viz. a Negro Man, for committing Rape on a white Woman, and a Negro Woman for the Murder of a Bastard Child, were convicted, and condemn'd at our last Superior Court; and are to be executed on the 3d Wednesday of November next.

Wexon, September 22. Last Sunday Morning died here Mrs. Lydia Jones (Relict of Capt. Jones, above 20 Years since deceased) in the 95th Year of her Age. She had an unusual Degree of Health most of her Days, and notwithstanding her great Age, retained her Understanding wonderfully to the last. The last Year of her Life, thro' sensible Decays and Weakness, almost continually expecting Death, but patiently waiting the appointed Time. The numerous Increase of her Posterity is very remarkable, tho' a considerable Number are gone before her; viz. of ten Children, four surviving; of her Grandchildren, 12 deceased, and 67 remain now living; of her Great Grand-Children 42 deceased, and 149 remain now living; and of the 5th Generation 13, besides three that have died. The whole Number amounts to 296, of which 63 have died before her; and there now remain living, in several Parts of the Country, 233 Descendants from her.

New York, September 26. Last Wednesday Evening arrived here his Majesty's Ship the Loo, Capt. Utting Commander, having on board his Excellency George Clinton, Esq. Capt. General and Governor in Chief of this Province. When his Excellency landed the Guns from the Fort were fired, and he was received by his Majesty's Council for this Province, and the principal Gentlemen of this City, who conducted him to the Lieutenant Governor's, where having published his Commission in Council, and taken the usual Oaths, he proceeded to the City Hall, where it was likewise published with the usual Solemnity.

Capt. Utting had five Weeks Passage from Plymouth, and under his Convoy came the Pegasus, Capt. Patterson, and the Neptune, Capt. Foot, two Store Ships; the one with his Excellency's Baggage, &c. and the other with Stores for Capt. Warren, and the Province of South Carolina.

Boston, September 29. Last Sunday Morning a large Bear was discover'd in a Corn Field at Newbury, and being pursued, was shot thro' the Body, and put into a great Rage; however, a Man ventur'd up to him with an axe, and as he was on the Floor, the Bear got him down, enter'd his Claws into his Arms and Thighs, and would presently have devour'd him, had he not been immediately kill'd. When he rear'd he was seven Foot high.

L O N D O N.

The M. de la Chetardie was to set out from Stockholm on the 21st of November, N. S. It is said, that his main Business at that Court, and at Copenhagen, was to give the French Ministers at both Places proper Instructions, as to the Manner in which they were to correspond with him on his Return to Petersburg.

We learn from Copenhagen, that the Danish Court think no longer of a March with Sweden, M. Titley, the English Minister, having had Orders to demand the Princess Royal for the Duke of Cumberland.

Advices from Berlin say, that the Earl of Hyndford, since his Return from Hanover, has conferr'd frequently with the Prussian Ministers; but that the Subject of those Conferences was an absolute Secret.

The same Letters say, that in the Almanack lately printed in this City, the four last Years are thus characterized; viz. 1740 the Plotting Year; 1741 an unlucky Year for the House of Austria; 1742 a Year of ill Luck for the French; 1743 the unluckiest of all Years for the King of Spain, the Emperor, and the King of France.

From Ratisbon they write, that the Austrian Troops, in their marching from Bavaria into Italy, have received Orders to quicken their March; the Court of Vienna

having resolv'd to augment the Army of Prince Lobkowitz to 30,000 Men, that he may be able to enter the Dominions of Naples, in case the King of the Two Sicilies should infringe the Neutrality concluded with him.

According to the last Advices from Frankfort, their most Christian and Catholick Majesties have bound themselves, by their last Treaty, to pay his Imperial Majesty 700,000 fl . per Annum, by way of Subsidy, till a Peace shall be concluded.

The same Letters say, that the Emperor has ordered a new set of Diamonds to be made, of the Value of 5000 l . which he designs as a Present for Cardinal Doria, late Nuncio at his Court.

Some Private Letters by the last Mail say, that the Dutch are determined to make a speedy Augmentation of their Forces; and that the Marquis de Feneion had Orders to repair to Paris, to receive fresh Instructions as to his Conduct in the present critical Situation of Affairs.

Two Maltese Men of War, after a brisk Engagement, carried, on the First of this Month, into the Port of Alicante in Spain, a stout Algerine Rover, which had done a great deal of Mischief upon that Coast.

The May Flower, Driscoll, from Cork to Lisbon, is taken by the Spaniards, and carried into Bilbao.

The Prince George, Stainmore, from Newfoundland to Leghorn, is taken by the Spaniards, and carried into Majorca.

The Mary, Rice, from London, is arrived at Carolina; the Success, Graham, from Riga, at Dumfries; and the Drake, Archer, from Newfoundland, at Viana.

Yesterday a Grant pass'd the Great Seal unto Thomas Wilson, D. D. Son of the Bishop of Sodor and Man, of a Canon, or Prebendary, in the Collegiate Church of St. Peter's Westminster.

Seals, Causes, Re-hearings, Exceptions, Pleas and Demurrers, appointed to be heard before the Right Hon. the Lord Chancellor after Michaelmas Term; viz. December the 3d, First General Seal; 5th, 6th, 7th, Causes; 8th, Second General Seal; 9th, 10th, 12th, Causes; 13th, Third General Seal; 15th, Petitions; 16th, Exceptions; 17th, Pleas, Demurrers, and Exceptions; 19th, Fourth General Seal; 20th, Petitions.

Yesterday his Grace the Duke of Portland had the Misfortune to break his Arm, as he was hunting, at his Seat at Bulstrode.

The same Day a notorious Woman of the Town, commonly called Tumble-down Moll, was committed to the Gatehouse, Westminster, for picking a Gentleman's Pocket of upwards of 20 l .

On Sunday last died, at his House at Wimbeldon in Surrey, after a few Hours Illness, Henry Chester, Esq. Brother to Robert Chester, Esq. one of the South Sea Directors in the Year 1720.

Yesterday David Todd was committed to Newgate by Col. De Veil, on the Oath of Esther Hebert, for assaulting her in the Street, and taking from her a Pocket, with a French Psalm-Book, two Handkerchiefs, a Fan, &c. found upon him. He was condemn'd last December Sessions, for assaulting Mary Squire, on the 15th of October, in Tavistock-street, and taking her Pocket from her; but was afterwards pardoned.

The same Day the following Prizes were drawn in the State-Lottery; viz. No. 10,728, 48717, 1000 l each. No. 57,990, 500 l . No. 8392, 58,420, 100 l each.

Mr. Wilson, of the oldest State-Lottery Office at Charing-Cross, has desired us to assure the Publick, that he will continue to supply the Town, as usual, during the whole Course of the Drawing (which begins each Day at Nine o'Clock) with undrawn Tickets and Shares of Tickets, as well as Chances, every Morning before Nine, and Evening after Four o'Clock, warranted undrawn, with the same Safety as if purchased before the Lottery began drawing. The KING, on a Representation made to him of the many successful Cures performed by

Dr. John Hooper's FEMALE PILLS,

For many Years in his own private Practice as a Man-Midwife and Apothecary, in all Cases more peculiarly incident to the Female Sex; and as, since their Publication to the World, they have been found of more general Use in these Cases, than any Medicine ever yet invented: In order therefore to secure the Property to the said Dr. Hooper, and his Assigns, &c. and to prevent counterfeiting so excellent a Medicine, his Majesty has been most graciously pleased to grant his Royal Letters Patent under the Great Seal of Great Britain.

These PILLS, by long Experience in private Practice, have been found the most useful Remedy against those general Complaints the Female Sex are subject to; they cleanse, purify, and cause a free Circulation of the Blood, when in a manner stagnated; open those Obstructions which Virgins are so liable to, and bring Nature into its proper Channel, whereby Health is recover'd, and the Patient, that look'd like Death, return'd to a lively Complexion. They are the best Medicine ever discover'd for young Women, when afflicted with what is vulgarly call'd the Green Sickness, which two or three Boxes will certainly cure; and are also excellent for the Palpitation of the Heart, Giddiness, Loathing of Food, bad Digestion, Pains of the Stomach, a Heaving of the Arteries of the Neck, short Breath upon every little Motion, Sinking of the Spirits, a dejected Countenance, and Dislike to Exercise and Conversation; and likewise for the Scurvy. For all which Disorders they are a never-failing Cure, and are to be given from seven Years old to seventy. They are likewise equally proper for married Women, unless when with Child, and ought always to be taken one Month after Delivery; for they cleanse the Body, and purge off those gross Humours, which, when retain'd, generate numerous Diseases, and render Women unhealthy all their Lives; and therefore should be taken by all Women at the Age of Forty five or Fifty, to prevent those Disorders that usually attend them at that Time. The Pills have likewise been found a Sovereign Remedy either for Men or Women, in all Hypochondriac, Hysteric, or Vapourish Disorders; for they exceedingly strengthen the Nerves, chase off all gross Humours tending to Melancholy, invigorate the sinking Spirit, and cause an universal Chearfulness in the Body. They are Cordial to the Stomach, and agreeable to the Smell and Taste.

By Virtue of the Patent abovemention'd, I have appointed Messieurs William and Cicer Dacey, and Comp. and John Newbery, my ONLY VENDORS of these Female Pills; to whom all Persons are desired to apply for them, at their Warehouses, the Bible and Crown without Temple-Bar, and at Dr. Hooper's Warehouse in Bow-Church-Yard, London; or at their Printing-Offices in Northampton and Reading; or at all which Places, Merchants, Captains of Ships, and Country Dealers, will have good Allowance to sell again, and particular Bills in any Language will be printed for such as take Quantity for Foreign Parts.

Sold also Retail at my House in Reading.

JOHN HOOPER.

N. B. Each Box contains 50 Pills, which is about 10 Doses, and is sealed up in their Direction, with a Seal having these Words, DR. HOOPER'S FEMALE PILLS, and HOOPER'S FEMALE PILLS, and round it, BY THE KING'S PATENT, the same as in the Margin. Price One Shilling the Box.
